

SHE POLICY

EM-02	Environmental Policy - Env				
Issued by: HS&E			Effective Date: 2014.07.15.	Rev. B	Pg. 1 of 1
Approved: 2014.05.30. 16:16 - Botos Ágnes		Approved: 2014.06.04. 9:37 - Peter Frost			

By achieving a consistently good safety, health and environmental performance, Powerpak aims to be selected as the Contract Packaging and Manufacturing service provider of choice to the leading brand owners in Europe's Household Chemical sector.

- Protection of the environment, the safety and health of Powerpak's employees, customers, suppliers and all those involved is an integral part of our activities.
- We are committed to continuous improvement in our processes to manage safety, health and environmental performance. We will implement measures to avoid, reduce or control pollution where technically and economically viable.
- We will contribute to the continuity of our company by the systematic control, prevention and elimination of hazards. We will continuously work towards our goals of zero incidents and no damage to the environment.
- We will strictly adhere to safety, health and environmental governing regulations as a minimum.
- Line Management's responsibility is to demonstrate visible commitment, enforcement and provision of appropriate resources to implement Powerpaks's SHE policy.
- Safety is everyone's responsibility and we expect every employee to contribute to the prevention of accidents by reporting, analysing and controlling safety, health and environmental hazards. This will be supported by efficient and effective training programs.
- We will comply with applicable environment, safety and health legislations and other SHE requirements to which the company subscribes. To achieve and maintain compliance, we will develop and maintain management systems for monitoring performance of related activities.
- We will continually enhance and improve the Environmental & Safety Management Systems to ensure that it is appropriate and effective for helping us to achieve our environmental & safety goals.

Peter Frost,
Managing Director
